Massachusetts Clean Cities Coalition June 2012 Newsletter

Save the Date:

July 12th - Next MCCC Stakeholder meeting
100 Cambridge Street 9:30 -12:00 Room B second floor
Topic: **Hydrogen:** is it on the radar screen for transportation in the near future?

Sign the EV Pledge:

We are asking stakeholders to simply "take the EV pledge."

Interested in helping to advance the deployment of electric vehicles? Show your support by signing the EV pledge.

The [Transportation and Climate Initiative \(TCI\)](#) is an effort to reduce green house gas emission in transportation. The TCI is a collaborate effort between the mid-Atlantic and northeast states. This pledge is an opportunity for TCI to show how widely supported EVs are in the region along with highlighting the continued promotion of these vehicles that organizations around the region have already completed.

By signing the pledge your organization will be listed on the TCI website as a supporter of EVs. Return the pledge to Cassie Powers (powers@law.georgetown.edu) at the Georgetown Climate Center.

Upcoming Events

Electric Vehicle (EV) Quarterly Discussion Webinar, Monday, June 25, 2012, 1:00

p.m.: Jim Francfort from Idaho National Laboratory will present the latest results from the EV Project and other ongoing electric drive vehicle research. The EV Project currently has 4,555 Nissan Volts and Chevrolet Volts providing 105,000 miles of data per day. An additional 5,500 pieces of charging infrastructure are providing data on 3,800 charging events per day. Vehicle and charging infrastructure use profiles will be presented. This event is free and open to everyone.

Webinar call/web login details: Audio 888-972-7805

Participant passcode: 9095231
